SANDWICH TOWN WARRANT
1980

STATE OF NEW HAMPSHIRE

CARROLL, SS.

The following is a copy of the warrant as it appeared in the 1980 Annual Report showing the disposition of each Article as voted at Town Meeting.

To the inhabitants of the Town of Sandwich qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the 11th day of March next from 10:00 a.m. until 7:00 p.m. for the casting of ballots and at 7:30 p.m. Wednesday, March 12th, 1980 at the Sandwich Central School to act upon the following articles.

(Explanation: Article 1 relating to the election of Town Officers, Article 2 relating to the dog control law, and Article 3 relating to the Planning Board Wetlands Ordinance will be taken up on Tuesday and polls will be open until 6:00 o'clock. A second session to consider all other business will be held March 12th at 7:30 p.m. as per vote of the Town to accept provisions of RSA 39:2-a)

1. To elect by official ballot all necessary town officers for the ensuing year. *Voted in the affirmative.*
2. To see how the Town will vote by official ballot on the following question:
"Shall we adopt the provisions of RSA 466:30-a which makes it unlawful for an owner of any dog, licensed or unlicensed, to permit said dog to run at large except when accompanied by the owner or custodian, and when used for hunting, herding, supervised competition and exhibition or training for such?" *Voted in the affirmative: Yes—249 No—132*
3. To see how the Town will vote by official ballot on the following question:
"Are you in favor of the adoption of the Wetlands Conservation District Ordinance as proposed by the Planning Board?"
A copy of which is on file in the office of the Town Clerk.
Voted in the affirmative: Yes—286 No—89
4. To determine by vote the salaries and/or other compensation of its Officers and Agents, recommended the rates be the same as 1979. *Voted in the affirmative.*
5. To see if the Town will authorize the Selectmen to borrow money in anticipation of Taxes, the same to be paid from revenue of 1980. *Voted in the affirmative.*

6. To see if the Town will vote to authorize the Selectmen to convey property acquired by the Town by Tax Collector's deed by public auction (or advertised sealed bid) or in such other manner as determined by the Selectmen as justice may require. *Voted in the affirmative.*
7. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal or another governmental unit or a private source which becomes available during the year subject to the provisions set forth in RSA 31:95-b. *Voted in the affirmative.*

TOWN OF SANDWICH

AUDITORS' REPORT

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Sandwich, New Hampshire, as of and for the year ended December 31, 1980, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1F, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except for the omission of the General Fixed Asset group of accounts which results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above, present fairly the financial position of the Town of Sandwich, New Hampshire at December 31, 1980, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Sandwich, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

SANDWICH SELECTMEN Annual Report 1980

A number of activities have taken place through efforts of the Office of Selectmen during 1980. We believe that these activities should be noted in the Annual Town Report.

The 1980 tax rate of \$13.20 per \$1,000.00 valuation represented an increase of 1.5% over the previous year. The three elements of the tax rate compared to 1979 show the County rate remained the same, the School rate increased by \$.40, and the Town rate was down \$.20 per thousand dollars of valuation. This performance was accomplished in spite of "double digit inflation."

Major accomplishments which aided in improving the Town tax base included a successful appeal to the State Board of Taxation to hold the Town's equalized property evaluation at 95%. Also the up-grading of assessments on new and renovated buildings, the up-grading of property under Current Use assessment, and up-dated evaluations of subdivisions yielded an increase of over \$450,000.00 to the tax base. There was also an increase of over 24% over 1979 for yield tax on timber.

The Selectmen were authorized to purchase a new fire truck for \$70,000.00. The original bids were rejected because they would not provide necessary fire fighting equipment to outfit the truck. Rather than commit the Town to an additional expense of \$17,000.00 plus for such equipment, a search was undertaken to purchase an alternate piece fully equipped. A purchase has been made, and the new truck will be equipped with existing and new equipment. The new truck will be in Town in March. An additional truck to replace the Mack fire truck which was wrecked in May, 1980, is included as a warrant article in the 1981 Town Warrant.

A joint meeting of property owners, law enforcement officers at Town and County levels, Fish and Game officers, and White Mountain National Forest officers resulted in a camping permit system for the Sandwich Notch area which is administered by the Sandwich Selectmen. The system contributed to more orderly camping and cleanliness of camp sites in Sandwich Notch. The White Mountain National Forest will take over the majority of the land adjacent to the Sandwich Notch Road on February 21, 1981. At that time, the new owners will set rules for the use of the land under their control.

The authorized voluntary recycling program at the Town Dump has been very successful. A check during the summer showed 80% participation in the program. The Recycling Committee has contributed much time and effort to make the recycling program work. A warrant article requiring compulsory recycling will be voted on this year.

Through the efforts of the Sandwich Fair Association, the Quimby Trustees, volunteers, and the Selectmen, an indoor winter skating pro-

gram was started in the new commercial building on the fair grounds. It is hoped that the recreational program will be expanded to complement existing recreational activities throughout the year.

The Town Hall Renovation Committee has made progress in their work on the building. The major project in 1980 was the septic tank and leaching field. A bid for a well, to be drilled in February, was awarded. Revised plans for the first floor have been received. In 1981, the roof, outside painting, insulation, and possibly internal construction will begin. An energy audit is presently in progress, the results of which will help determine future developments. Funds are needed to complete the building.

The painting of the Old Fire Station, the Whiteface Station, and the Central Fire Station has been completed. The Town Hall will be painted when the re-shingling has been completed. The bricks on the Central Fire Station will be sealed this spring.

The new Bennett Street Bridge was completed and turned over to the Town.

Wood cutting on the Town property began in December. The project is to be completed this year. Proceeds from the timber sold will be used to survey Town forest land.

In the past years there has been much discussion about a major equipment replacement schedule. On the following page is a proposed schedule for the Selectmen to use in the future. This is only a projected, not a firm schedule of replacement of major equipment.

The Selectmen's Meetings are held every Monday night at 7:30 p.m. They are open to the public and suggestions on improvements to your Town Government are welcome.

SAMUEL H. WENTWORTH LIBRARY

Annual Report for 1980

The number of books borrowed from the Library continues to grow. It has been a busy and successful year at the Samuel H. Wentworth Library. Evening hours were instituted on a regular basis in March, the Library is now open from 2:30 p.m. to 9:00 p.m. on Wednesdays.

New shelving has been added to the reference room which has enabled the librarians to improve the arrangement of the reference material. The 1980 edition of the Encyclopedia Britannica was purchased updating the Encyclopedia collection.

Mary Frances Hambrook, the assistant librarian, is continuing to take the Public Library Training courses as they are offered and has now completed four of the eight courses required for a certificate. M.F. is continuing as librarian in the Sandwich Central School for 1½ hours, four days a week.

Volunteers from the Friends of the Library have been of great assistance by manning the check-out desk when needed. This frees the librarians to work on cataloging, shelving and the many other jobs that are constantly required.

We wish to express our heartfelt thanks to Molly Balch for the many years she has managed the record collection putting in many hours and much thought.

As in the past the Friends of the Library continue to do a superb job in supplementing the basic library service with many other services and programs. This year there were film programs; the extremely popular "Books Sandwiched In"; poetry program; slide shows; children's story hours; and a very well attended tea for the teachers of the Central School. A tremendous amount of work was put into the very successful White Elephant Sale and the wonderful Christmas Party to which the whole town is, of course, invited.

The meeting room has been used extensively by many of the town organizations.

All the pupils of the Sandwich Central School visit the Library once a week with their teachers.

Suggestions for books to be acquired are welcomed by the Book Selection Committee. We thank the committee for the time and thought put into choosing books for the Library collection.

We wish to thank Sylbert Forbes and Mary Frances Hambrook for their loyal service and real interest in the Library and Dick Papen for his faithful attention to the Library property.

SANDWICH HOME NURSING ASSOCIATION

Annual Report – 1980

The Sandwich Home Nursing Association was incorporated on July 22, 1980, the result of efforts by a group of townspeople and medical and nursing professionals, responding to what they believed to be a clear cut need for an ongoing, organized, home nursing service in Sandwich. This judgment was confirmed by Sandwich citizens themselves in the Community Survey of February 1980. For five years up to this time the need had been met through the foresight and generosity of the Quimby Fund Trustees. However, it became clear that such a service must be, finally, a community responsibility.

Accordingly, the Association has been formed to provide for home nursing care, including physiotherapy, for residents of Sandwich. For the present the Association is bringing this service to Sandwich through a contract with the Visiting Nurse Association of Wolfeboro and Vicinity, Inc., a Federal and State certified agency.

All residents of Sandwich are eligible under this program for home nursing care. The Association sets and maintains standards and, through a Sandwich Home Nursing Fund, assures the continuation of services. A fee is charged for visits but Medicare and Medicaid and Blue Cross and other private insurance may be applied to the payment. Additional funds to meet the full cost of these services are supplied by the Association membership dues, donations and Town appropriations.

The Visiting Nurse will make one initial home visit without charge to determine the need for care, after which a care plan must be approved by a physician. Under his supervision the Visiting Nurse then supplies the professional nursing services needed for any member of the family, from infants to the elderly. The Visiting Nurses are all specially trained Registered Nurses fully capable, under the physician's directions, of taking medical histories, reading blood pressure, doing limited physical examinations, changing dressings, helping with special home treatments, giving medications and injections and instructing in health matters.

A specialized, registered physiotherapist and a housekeeping aid service are also available through the Wolfeboro Visiting Nurse Association.

All services are reached by a call to the Wolfeboro Visiting Nurse Association (toll free Enterprise 8021).

SANDWICH PLANNING BOARD

Annual Report 1980

1980 was probably the busiest year in the recent history of the Planning Board. The town voted overwhelmingly in favor of the Wetlands Ordinance jointly sponsored by the Planning Board and the Conservation Commission. Along with the previously passed Steep Slopes Regulation, we have gone a long way toward affording important protection for our environment. One has but to look at the serious water supply problems facing many regions of our country to recognize the importance of these measures. The Board is currently considering a measure that will afford protection from uncontrolled earth excavations in accordance with State statutes.

But the biggest effort of the Board has been directed toward preparation of the Town Master Plan. An astonishing return of 96% on the survey questionnaires was made possible through the splendid efforts of an army of volunteers who beat on doors and then sat through the long tedious hours needed to tabulate the results. Needless to say, the Planning Board and the Town owe a large debt of gratitude to these volunteers. We also owe thanks to the Ladies Aid whose members addressed and mailed questionnaires to the non-resident property owners. Here again, we had a very respectable return—though not approaching the door-to-door effort. The results are available to the public at the Library. The Board is in the process of completing the analysis of the survey and arriving at a set of recommendations to be presented to the Town. In spite of the hundreds of man-hours devoted to the effort, we have fallen short of our goal of completing the plan by December 31, 1980. We hope, however, to be close to completion by the time you read this Town Report.

We have learned much about our Town and its people through the Master Plan effort. We have confirmed our suspicions that it is a nice Town with equally nice people. We hope that we can take advantage of the information gathered to arrive at a Plan that will suggest ways to keep it the way its people want it to be.

BOARD OF ADJUSTMENT 1980 REPORT

The Board of Adjustment met seven times in 1980 following its reorganization in March. The meetings included hearings on three applications. All of the hearings concerned requests for variances of the Town Zoning Ordinance. All of the requests presented to the Board were resolved.

The members of the Board wish to thank all those who presented their cases for their help and cooperation in resolving the matters in an orderly manner.

Respectfully submitted,

SANDWICH CONSERVATION COMMISSION

1980 Annual Report

1980 has been a busy and challenging year for the Sandwich Conservation Commission.

Completion of the Sandwich Wetlands Survey, long on our agenda, in early 1980 enabled the Commission to propose a Sandwich Wetlands Ordinance to the Town. In March at the polls, Sandwich voters passed the proposed ordinance thus putting greatly needed restrictions on the use of wetlands in the Town of Sandwich.

In conjunction with the State of New Hampshire Wetlands Board, the Commission has processed various dredge and fill permit applications. The Commission may inspect the proposed construction site, may hold public hearings, and can report its findings to the Wetlands Board to aid in their decision to grant or deny a permit.

An extensive tree planting and care project, under the direction of Mr. Peter Hoag, Registered Arborist, is supervised by the Commission to fulfill the Town's need for continuing action to protect and promote high tree growth quality and maintenance. This program is made possible by the generous financial assistance of the Quimby Fund Trustees.

Our desire and efforts to protect Sandwich Notch have been foremost during 1980. Most notable is the acquisition of the Wagner Woodlands by the U.S. Forest Service to be included in the White Mountain National Park. The Commission continues to be interested in acquisition of Sandwich Notch area property for conservation and recreational purposes, and still has funds dedicated to this acquisition.

Due to hard use over the last years, the trails to Beede's Falls were in need of care and maintenance in 1980. With Holly Cook's 4-H Club, the Commission, and many supporters, truck loads of donated wood chips were spread on the trails. The 4-H girls were also involved with our tree planting program and were taught map reading by new commission member, Gladys Burrows.

Each June, Youth Conservation Camp, under the direction of the Society for the Protection of New Hampshire Forests, is held. In 1980, Marion Welch was sponsored by the Commission and the Tamworth Garden Club, and Glen Phillips was sponsored by Commission member, Senator Raymond Conley. We intend to continue sponsorship

in 1981 and hope interested young people of high school age will apply for consideration to the Commission secretary by April 30.

Possible Commission projects for 1981 include a timber survey of Sandwich and a Bearcamp Pond water quality survey in conjunction with the Bearcamp Pond Association.

We would like to thank our former members, Bill Nungesser and Red Smalley, for the invaluable help, expertise, and leadership they gave to the Conservation Commission in its formative years, and to welcome new members, Gladys Burrows and Skip Hoag. Also we wish to thank the many people who have given their time, knowledge, and generousities during the last year, the list of which is too lengthy to be printed at this time.

SANDWICH SPORTS PROGRAM

April 1980 to March 1981

The Sandwich Sports Program has been organized by sport by season. The following activities have taken place in the past 12 months:

April-June. The Little League baseball program consisted of participation in the M.O.S.T. Little League, starting in late April and concluding at the end of June.

June-August. The 10-week summer program included tennis lessons for adults and youths featuring tournaments in July and August, softball games with Camp Hale, and volleyball on Quimby Field. A swimming program was held at the Sandwich Town Beach. All programs concluded during Old Home Week, the third week in August.

September-October. Participation in the Moultonboro Youth Soccer League began in September and ended in late October. The program is similar to the Little League baseball program.

December-March. The Sandwich Fair Association has provided its new commercial exhibit building for an inside skating rink for public use. Scheduled hours of operation have been posted. The Sandwich adult hockey team is a member of the Conway Hockey League. The Sandwich team was League champions in 1979-80.

January-February. A five-week skiing program for children provides downhill or alpine skiing at Ossipee Mountain Ski Area and cross country skiing at Longwood Ski Center in Centre Harbor.

Sports activities for the current year are in the planning stage. Funding from private and public sources and volunteer help are necessary to keep the programs active. Many thanks to those who have given their support in the past year.

SANDWICH VOLUNTEER FIRE DEPARTMENT

Annual Report 1980

In Town Fire Alarms	24
Out of Town Mutual Aid Calls	7
Search & Rescue & Medical Emergencies	15
Other Emergencies	6
False Alarms	1
Service Calls	15
TOTAL CALLS	68

This past year only saw a slight increase in the total number of calls answered and while the number of in-town fire calls only increased by one, the incidence of chimney fires almost doubled. Again we urge continued care in the installation and use of wood heating appliances and in the maintenance of chimneys. The department is unable to provide chimney cleaning services, but there are a number of chimney Sweeps in the area and we urge everyone to have their chimneys cleaned and inspected at least once a year.

I wish to urge everyone who does not currently have smoke detectors installed in their homes to do so immediately. It is a proven fact that these detectors have greatly reduced the loss of life in residential fires where the greatest loss of life from fires continues to occur.

This year saw both the McCracken and Osberg ponds rebuilt. A new larger capacity hydrant was installed at Osbergs to take advantage of the increased water capacity. At McCracken's the pond was deepened and the hydrant there was relocated into deeper water and a new screen installed. The owners in each case paid for this work with the Town only furnishing the materials for the hydrant work and in the case of McCrackens, pumping the pond down. Both of these ponds will be much improved as to water capacity and the troublesome problem of weeds should be eliminated. We also cooperated with the State Highway Department in working to eliminate a surface runoff problem at the pond at the foot of Burleigh Hill. A break was repaired in the hydrant line at the Town Hall, which occurred during the Town Hall septic system construction. This necessitated the pumping down of the pond several feet, but fortunately it came back up very quickly.

Bids for the new pumper authorized by last Town meeting, were received in May and several were lower than the amount of funds authorized, including the unit desired by the fire department as discussed

at Town meeting, but the Selectmen decided to reject all the bids so no unit has been ordered as yet.

We suffered the loss of our 1973 Mack pumper in an accident on May 18, while it was responding to what turned out to be a false alarm. While the department felt the unit should be rebuilt, the Selectmen elected to except the insurance settlement and sell the truck for salvage.

The Selectmen retained the Services of Chief Kossup of the Newark, N.J. Fire Department to review the needs of the Town of Sandwich and to draw up specifications for two new pumpers. The bid requests for these units went out late in November and the bids were opened December 29. Only two manufacturers submitted bids that completely met these specifications, although six companies submitted bids. Hopefully, the Town will vote to authorize the purchase of the two new pumpers.

We currently have two old pumpers on loan to the Town at no cost. Mr. Lawrence Guild of Gilford, N.H. has provided an old Laconia pumper which he purchased. The Farrar Company of Woodville, Mass. has loaned the second pumper, one they had taken in trade.

During the past year three of our members received their EMT certifications. We now have five certified Emergency Medical Technicians in the department. In addition, almost the entire department and a number of the Sirens are certified in CPR. We plan to take advanced first aid this winter. The number of requests for medical assistance and rescue calls have nearly doubled this past year. I wish to congratulate our EMT's and other members in the fine manner they have handled these calls.

As the year drew to a close the men of the department were each assigned sections of the Town to cover for the purpose of updating our property card files which in turn will be used to up-date the information stored in the computer at the Fire Dispatch Center in Laconia. All residents of the Town, both year around and seasonal, are urged to cooperate with men in furnishing the requested information so that we can better serve you in a time of need. This information is not made available except to authorized personnel.

I wish to take this opportunity to thank all the men of the Department for the time they have so freely given and special thanks to our ladies auxiliary "The Sirens" for all their help and support.

**REPORT OF FOREST FIRE WARDEN
and
STATE FOREST FIRE SERVICE**

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the U.S.

SANDWICH POLICE DEPARTMENT

1980 Town Report

The problems of society which ultimately create police statistics are still with us as can be seen in this year's activity report. Our success in fulfilling the duties of the Police Department is a direct reflection of the assistance from the many members of the community who have contributed their concern and support. Thank you.

The duties of a Police Department are, at the same time, both protective and/or corrective and an educational endeavor to reinforce the combined lessons of civics, ethics, and morality. It is a never-ending process which can only succeed to the extent that all participate.

Once again, Sandwich has benefited from the Northeastern University Work Study Program whereby Tom Lawton was available to assist for a six-month period. I join with many who have expressed appreciation for the excellent job Tom did for us. It is a tribute, not only to the young man himself, but also to the program and system which made it possible. It has been rumored that this program may well be a casualty in the upcoming federal government economy drive. We will be severely handicapped if this should develop.

I wish to thank State Police Troup E and the Carroll County Sheriff's office for their help and cooperation, and extend to the residents of Sandwich our mutual pledge to serve, protect, and enforce.

Respectfully submitted,

LESTER Q. HEATH
Chief of Police
